

## Digital Tachographs: Changing the Time

When in the main menu, press the up arrow until you reach 'entry vehicle' then press 'OK'.

From here press the up arrow until you see 'vehicle local time' and select 'OK'.

The time changes in 30 minutes intervals so press the up/down arrow until time is correct, then press 'OK'.

Press the back arrow button (on the left) to leave the 'vehicle entry' menu.

Press 'OK' and the local time has been changed.
